Why Hire a Destination Management Company (DMC)?

What is a DMC: A professional services company possessing extensive local knowledge, expertise and resources, specializing in the design and implementation of events, activities, tours, transportation and program logistics in their destination.

Sampling of Services: Customized Tours and Activities, Off-Site Events, Incentive Travel Programs, Strategic Transportation Management, Event Entertainment, Spousal and Family Programs, Event Décor, Professional Meeting and Event Staff, Corporate Meeting Planning, and Multi-Lingual Staff and Guides.

Our Clients: Our clients are meeting and event planners, association executives and incentive travel planners. No program is too big or too small, no budget is too limited.

The Benefits of a DMC: You will have access to limitless resources, strong buying power, strategic expertise, detailed knowledge of the area, and endless creativity throughout every step of your program:

Before: During the planning stage, we bring creativity and first-hand knowledge about the best venues and menus, the most dependable transportation and guide staff, the hottest event entertainment, sound & light design, florals & decor and professional service staff. We recommend ideas and solutions to meet and exceed your program goals without surpassing your budget.

During: During the event, we are on site, on the job, and always involved. We provide the management and accountability, acting as your staff and your management. This allows you to concentrate on your clients and participants, while we take care of the details.

After: We follow up with prompt and accurate invoices, with all the backup documentation you might need.
